To Whom It May Concern:

It has been a pleasure working with Houston Landscapes Unlimited and Dean Carpenter. Dean showed a great concern for the quality of his workmanship and the overall image of our Twin Lakes project in West Houston. The lake was used for our water source for our irrigation system which covers eleven acres. Dean interfaced well with the architects and engineers on the project. I look forward to working with Dean on future projects and I would recommend his company without reservation. Please call if I can be of any assistance.

Very truly yours,

Laurie Arnold
